

## 'Animals on the Go' are Here!!!

Our Leapfrogs and Tadpoles were so excited to meet some of the furry friends from Gifford Farm! They learned all about what the animals ate, where they live and how they act in the wild. There was a snake, turtle, tadpoles, a frog, lizard, bearded dragon, a flop eared rabbit and everyone's favorite... a ferret. Check out the children's reactions when they brought them around to touch...
