

The Zoo Came to Teach us about Butterflies!!

During our 'Very Hungry Caterpillar' week in the Leapfrogs and Tadpoles room, The Zoo Outreach Program came to teach us all about Butterflies!! They taught everyone songs and dances, we did an art project, played a game that taught us about camouflage and they even brought us really cool butterflies and moths to look at. Everyone had so much fun and we can't wait to have them come back again to teach us something else some time!

The Parts of an Insect Dance

The camouflage experiment

Life Cycle Art is so much FUN!!

She really brought us some cool stuff to look at!!

Oh my goodness, how did she know that was our book this week???

We were so glad that our favorite butterfly lady came but we love our teachers the very best!!!
