

## Fun with Playdough!!

During our cooking week we learned how to make our very own playdough. Miss Trina came into our class and showed everyone how to measure our ingredients and let some special helpers add them. We put everything into a big baggie and squished it all together for a long time. Our end result, PLAYDOUGH!!! We made some pink and some blue. Even though they had a good time making it, I think our Leapfrogs and Tadpoles would rather play with it!! You should try it out....

### Miss Trina's Magical Playdough Recipe

3c flour

1c salt

3T oil

For scented dough, add a packet of Kool Aid

Food Coloring of choice (add to the water)

A big glass of water

1. Mix all dry ingredients together in the bowl of a mixer or a ziploc bag.
2. Slowly add water a small amount at a time until a dough forms  
(if it's sticky, sprinkle more flour, if it's dry, drizzle more water)
3. Knead for at least 10 minutes (if using a mixer, use the dough hook)
4. Play with your dough!!
