

## It's a Rock and Roll Paradise...

The Superstars got to flex their talent muscles this summer at Doodle Cakes. They proved that there's more than just frosting cakes going on there. After they got all dressed up in their super cool shades and flower leis, they all got to design their very own guitar. Then, with the help of the Doodle Cakes staff, they learned all kinds of new dances. What a great way to blow off some steam. We had some real party animals on our hands!!

Let the good times roll!!!
